

## Child Marriage

Child marriage is an illegal crime,  
children are married at seven, eight or nine!  
Child marriage is an evil,  
Where in the girl is ever shadowed by a devil.

These children suffer from depression,  
To stop this give their parents, a suggestion.  
Even these children want to fly high,  
And chase their dreams and soar the sky.

These children are very innocent,  
Please let them enjoy and be independent.  
They are made to deprive of their childhood,  
Don't force the girls for an early motherhood.

For their studies, they are so desperate,  
But because of their parents they hesitate.  
We should spread awareness,  
To bring them out of this gloom and darkness
