NETFLIX FOR SCHOOLS

Digital StudyHall

The Digital Study Hall project films classroom lessons and then mails the DVDs to schools in rural India, where there's a shortage of teachers.

Wow, this is some cool stuff! In this instance, we're not giving billions of dollars to dictators, we already have the technology and in some instances have already used it successfully in the field. Finally, these all are relatively cheap and in the right hands, will defenently pay off in the long run.
